

UNION STEMS & HOSE JOINERS MALE & FEMALE HOSE STEMS

LENZ UNION HOSE STEMS

It is critical that the O.D. and I.D. of the hose and fitting correspond. EXAMPLE: 1/4" I.D. and 1/2" O.D. We use 99 Series fittings.

18F-2	5/16	1/4
22F-2	3/8	1/4
22F-3	3/8	3/8

Attention:

None of the hose fittings manufactured and/or sold by THE LENZ COMPANY are to be used for life dependency applications such as in diving, for oxygen, air, or other breathing applications.

There are instances where the weight of long hose lines would be on the fitting with the possibility of the hose pulling out of the fitting. This could have disastrous results in a breathing application.

We specifically call your attention to the 90 through 136 Low Pressure Fittings shown in this Catalog LP301, WDM, or revisions thereof. These fittings are intended for welding, low pressure hydraulics or pneumatics.

This non-use for life dependency applications such as in diving, for oxygen, air or other breathing applications applies to all of the hose fittings manufactured and/or sold by THE LENZ COMPANY and/or related companies. None of our fittings are designed for this type of use.
